Utility Value Boost May Aid Further Slash

$732,655 Gain Shown In Public Service Firms' Facilities

Prospects of an even further decrease in the county tax rate over the 20-cent slash foreseen by the board of supervisors were in sight today with announcement by Assessor Daniel Flynn that the State Board of Equalization had fixed utility values in the county at $732,655 more than they were last year.

The new value of public utility holdings is $11,591,160, Flynn was notified by the state board. Last year the value was $10,858,505.

Since the supervisors in fixing the tentative rate based it on last year's valuation, the increase will help to shave the tax rate still further, perhaps by a full cent, it is believed.

50 PER CENT OF VALUE

Addition of the utilities to the $93,112,500 valuation placed on other properties gives a total county valuation of $104,703,660. This is 50 per cent of actual value of the property, but is the valuation basis now in general use throughout the state.

Of the $11,591,160 utility value, $6,594,330 is within the 13 incorporated cities, the rest being in the rural district.

Redwood City's utilities are valued this year at $861,340; Atherton at $213,250; Bayshore City at $75,610; Belmont, $178,310; Burlingame, $1,301,150; Daly City, $411,080; Hillsborough, $187,440; Lawndale, $122,420; Menlo Park, $192,000; San Bruno, $347,570; San Carlos, $335,110; San Mateo, $1,438,610; South San Francisco, $930,440.

Of the total utility value, $1,148,060 is in land, $3,799,860 in improvements, and $6,643,240 in personal property, which includes automobiles, pipe lines, poles, wiring, and such items.

NORMAL GROWTH REASON

Assessor Flynn said the gain in value was due to a "normal growth" of the utilities, among which are the Pacific Telephone & Telegraph Company, Pacific Gas & Electric Company, Southern Pacific and others. New pipe lines, poles, machinery and similar acquisitions have increased values of the companies' holdings, Flynn said.

Value of the assessment rolls in general has grown for the same reason, but the loss to the county of the right to assess more than $1,000,000 in automobiles has deprived it of some revenue, although a portion of the taxes collected by the state will revert to the county and cities.

Jones Bribery Trial Friday

Accused Lawyer Faces McNutt in Superior Court Here

The long awaited trial of Samuel J. Jones, indicted Bayshore City and San Francisco attorney, was set Monday by Judge Maxwell McNutt for this Friday at 10 a.m.

Jones, who was accused by the last grand jury of soliciting a bribe for his influence in getting the Bayshore City Council to grant a bingo permit, has filed numerous demurrers and made several attempts to avoid trial. He finally succeeded in getting the hearing transferred from the court of Judge A. R. Cotton, who had impaneled the grand jury, to department 1.

Attorney Jones, who will be defended by J. H. Hubbard, waived jury trial, preferring to let Judge McNutt rule on his innocence or guilt. Dist. Atty. Gilbert Ferrell and Deputy Louis B. Dematteis will prosecute.

NEW ADDRESSES FILED

On file at the city water department today were the following new addresses: E. J. Patterson, 715 Myrtle; E. B. Stephenson, 531 Hamilton; J. F. Huling, 1701 Oak; A. W. Lopez, 525 Hamilton; J. Eckstrom, 1324 Middlefield, and A. J. Smith, 80 Davis.

The woman's side of the war on crime is presented on the screen for the first time in "Public Enemy's Wife," starting at the Sequoia Theatre Sunday. Pat O'Brien and Margaret Lindsay are featured. Completing the double bill is "The Bride Walks Out," with Barbara Stanwyck and Robert Young.

DUCE REQUIRES 'DOCUMENTS'

DETAILS OF GRIFFIN ARREST TOLD

*** *** *** ***

INCIDENT 'MISUNDERSTANDING'

Further details of the arrest of Sequoia Athletic Director Frank Griffin and his traveling companion, Ray Bruton, as "suspicious characters" in Rome reached Redwood City by letter today.

The incident, which a high secret police official later termed a "stupid misunderstanding," impressed on the Redwood City pair, who are now on their way to Ethiopia, the importance of "documents" in Italy.

It was the travelers' failure to have these "documents" when accosted by a secret police officer that led to their arrest and a questioning made hilarious by the fact Griffin and Bruton spoke no Italian, and the officers did not call for an interpreter, although they spoke no English.

Il Duce Mussolini was remotely involved in the incident, Griffin and Bruton having become entangled in a "net" thrown out to check up on pedestrians and others on the Via Del Imperio prior to the passage of the Italian dictator along the street.

Cross-examination at police headquarters, where they were interrogated by "a gruff, tieless 210-pound individual," elicited little information to clear up the matter.

The police were balked by the fact that the travelers' passports were in a trunk at their hotel, and Griffin had the key to the trunk. Finally they decided to accompany the local men to the hotel, the entire party walking because Griffin insisted that if a taxi was to be taken the police must pay for it.

"An orgy of penmanship" followed presentation of the passports, with the conclusion that Griffin and Burton were ordered to present themselves for "documentation" at the police headquarters that evening.

There Cavalier della Vecchio, high man of the Italian secret police, "hands flung in the air, shoulders shrugging," confessed the arrests had been a "misunderstanding." Travelers in Italy must report, within three days of their arrival, to the police to be registered, he explained.

So, armed with a document of "billboard size," entitled "Soggiohno delgi stranieri in Italia," the travelers were freed to continue their adventures.

FINKLER WILL AGAIN UPHELD BY TRIBUNAL

Supreme Court Denies Appeal of Clerk's Surviving Kin

Validity of the will of Henry J. Finkler of Redwood City, for 30 years an attache of the California Supreme Court, was upheld today by the high court, the Associated Press reported from San Francisco Wednesday.

The court had previously approved the will but today's decision was rendered in an appeal from the San Mateo county courts which ordered distribution of the estate.

It was contested by Christina A. Finkler, Sumner Waite, Edith F. Stewart, Aurelia A. Hanlan, Emmett Brophy, and Bernice McCane, who cotnended Finkler was intestate because of alteration in the will after it was drafted.

Finkler left his estate to M. J. Purcell, husband of his wife's niece, and B. Grant Taylor, clerk of the supreme court.

In his will Finkler stated should any person succeed in proving relationship to him the executor should give him $10.

S. M. Fire Destroys Laundry Top Floor

SAN MATEO, July 28—Fire of unknown origin destroyed the second story and roof of a Japanese laundry here shortly before noon today. Workers in the "Depot Laundry," owned by K. Ito, were unaware of the flames which were gutting the upper part of the building until George Rowe, manager of the American Express Company which is located near the laundry, gave the alarm.

CAMINO REAL FUNDS PLACED IN STATE LIST

$25,000 Also Provided For Woodside Road Widening Project

Certainty that El Camino Real's widening from San Mateo to Redwood City will be carried out this fall is given in the list of projects under approval today following revision of the California highway budget.

The sum of $390,000 is provided in the budget as promised to Col. Frederick Peterson by Earl Lee Kelly, and will make possible the widening and paving of the 4.5-mile stretch. It is expected bids will be called in September.

Also included in the list of projects is the Menlo Country Club-to-Woodside unit of the Woodside road, for which $25,000 is provided.

The sum of $200,440 is provided for the widening of the 10-mile San Jose to Coyote bottleneck on El Camino Real.

Largest project in the list is the Cuesta grade realignment, at San Luis Obispo, to cost $665,000 for a 3.5-mile El Camino Real stretch. Some 63 curves are to be eliminated.

The state's gas tax revenue is estimated for the 87th-88th biennium (1935-37) at $53,000,000 instead of the $46,500,000 previously estimated. The collections exceeded by 14% state estimates.

30-Day Term Given Coast Drunk Driver

For drunken driving, Joe Amador, 43-year-old laborer, Tuesday started serving a 30-day term in the county jail. He was sentenced by Justice of the Peace Manuel J. Bettencourt of Half Moon Bay.

Ross, Harris Others Back Judge Cotton

Hall C. Ross, prominent Hillsborough and Redwood City attorney, and member of one of San Mateo county's pioneer families, joined in tribute today to Aylett R. Cotton, as superior judge of this county. Judge Cotton is asking the county electorate to retain him on the bench at the election August 25.

Like Ross, Judge Cotton has been a resident of this county for many years, and in commenting on the judge's candidacy for return to the bench, Ross, known as one of the outstanding members of the Peninsula legal profession, said:

"It has been my pleasure to know Judge Cotton for the many years we have been virtual neighbors on the Peninsula. He is one of the best known men in the profession, and I commend him for the service he has done on the bench during the past year and a half.

"As a practicing attorney of this county, and a member of its Bar Association, I know Judge Cotton to be a man of high integrity and fairness. Gladly do I recommend that the people of San Mateo county retain him as superior judge."

Others who joined in endorsing Judge Cotton included Matthew A. Harris, prominent resident of Woodside, and J. W. Coleberd, South San Francisco attorney.

EMMY PAULSEN DIVORCED

Divorce and restoration of her maiden name were granted Mrs. Emmy W. Falch, the former Emmy Paulsen of Redwood City, in a decree on file in San Francisco today. It was granted by Superior Judge Daniel T. Deasy.

Mrs. Talbot's Recovery Seen

Dislocated Shoulder, Internal Injuries Are Incurred

Mrs. Marjorie E. Talbot, injured in an automobile crash near Van Nuys when the car in which she was riding with Donald B. Neville crashed into a pole, regained consciousness late Tuesday in the Valley Hospital there and doctors held hope for her recovery.

Mrs. Talbot, central figure in the sensational divorce suit against Sportsman-Lumberman William C. Talbot of Hillsborough, is now reported suffering from internal injuries and a dislocated shoulder.

Injuries to Neville, who figured in the Livermore shooting incident at Santa Barbara several months ago, were reported critical. He was pinned in the wreckage of his big coupe, while Mrs. Talbot was thrown clear.

Pending her divorce suit, Mrs. Talbot had been living in Santa Barbara, going under the name of Marjorie Mason, according to press dispatches from that city.

The divorce action is still pending in the local courts, the last move having been taken on April 17 when Mrs. Talbot's alimony was reduced by stipulation from $695 to $250 monthly. She originally was granted $1,000 temporary alimony pending outcome of the suit, final disposition of which is to be made by Superior Judge J. L. Atteridge of Santa Cruz county.

TOWNSENDITES ENJOY "POT LUCK" SUPPER

A "pot luck" supper was enjoyed Monday night in the Ravenswood School by the Dumbarton Townsend Club. At the business meeting at 8 o'clock Frank Cox of San Francisco was speaker.

RAIL WORKERS SET NEW RECORD

Chicago, Ill., July 20.—The crack of the starter's gun and the second annual Handcar Derby is on! Down double-tracked Franklin Street in downtown Chicago speeds the handcars of six Western Railroads, each manned by a quartette of huskies. Thousands of noon-day spectators line the curbs—cheer lustily as the Chicago & North Western team shows a brilliant burst of speed to take the lead in this race against elapsed time—groan sympathetically as the Illinois Central, Soo Line, Rock Island and Burlington cars are slowed down by temporary derailments.

The finish! Chicago & North Western first! A new Handcar Derby speed record—one minute and fifty seconds! A loving cup and cash awards to the winners! Second place money to the Chicago, Milwaukee & St. Paul team, only five seconds behind the winner. Third, the Soo Line entry—time, two minutes and five seconds.

Such was the excitement offered by the recent Handcar classic, sponsored by the Chicago Junior Traffic Club and staged in connection with Railroad Week.

The Handcar Derby was followed by a Red Cap Marathon, in which twelve hand picked red caps, loaded with four suitcases, competed for speed honors. To the winner, Robert Hood of the Illinois Central Station (shown at right) went a loving cup and a cash award.

Judges for both events were: H. B. Vorhees, Vice President of the Alton R. R.; F. G. Nicholson, General Manager of the Chicago & Eastern Illinois and M. L. Lyles, assistant to the President of the Santa Fe. E. H. Randall, Chicago Freight Agent of the Santa Fe was General Chairman.

Campaign Against Tax Furthered at Meet In Local School

With a film, "The Spirit of '36," as the main feature, a gathering of local chain store employes and officials was held in the Mt. Carmel school Tuesday night as part of a campaign against the chain store tax to be voted on November 3.

Raoul D. Magana of Berkeley, assistant special counsel for the California Chain Stores Association, spoke against the tax, asserting that instead of seeking to levy assessments against the chains, independent merchants should adopt "scientific distribution" systems in order to operate on a par with the multiple-unit organizations.

Magana also declared that the plea of "anti-monopoly" raised against the chain stores was false, in that there are 90,000 independent store units in California while there are less than 9000 chain store units.

Magana also gave several dialogues and Larry Hugo, University of California student, performed feats of magic.

The film depicted efforts of a newspaper to learn the facts about the tax. It was followed by distribution of copies of the "California Press-Tribune," similating the paper published in the picture.

Serving of refreshments and dancing concluded the evening's program, which was attended by some 200 local store workers.

GUARDIANSHIP OF BOELLAARD TOTS SOUGHT

S. F. Godfather Plans Two Suits Against S. P. for Deaths

Guardianship of Helen, 7, and Olga Boellaard, 4, who were orphaned when Mr. and Mrs. John Boellaard were killed in an auto-train crash at Rogers street July 16, was sought in an action filed in superior court today by Rev. Adrian A. Vlasoff of 2042 Larkin street, San Francisco, a friend of the Boellaard family.

In filing the papers, Rev. Vlasoff, who said he is the god-father of the children, revealed that two suits were being contemplated against the Southern Pacific Railway as a result of the crash.

The petitioner declared that he was "willing to assume and carry on the two lawsuits," asserting that no relatives of the children reside in this country. A grandmother lives in Japan, he said, and a grandfather in Holland.

Rev. Vlasoff asks to be appointed guardian of both the persons and estates of the children, who at present are being cared for by Mr. and Mrs. Victor Hugo. The two little girls were on an outing at San Gregorio with Mrs. Hugo when their parents were killed in the early morning crash.

The petition of Rev. Vlasoff is set for hearing August 10 before Superior Judge Maxwell McNutt.

Gambling Den Being Changed

Stockade Now Corral And Windows Open As Work Done

COLMA, July 28.—Workmen today were "remodeling" the huge building which allegedly housed a Chinese gambling den into a structure suitable for use as a barn, with the "stockade" previously used as a shield against prying eyes being transformed into a corral.

The work is being done on demands from Dist. Atty. Gilbert Ferrell's office, which warned the executor of the estate which owns the property that unless the building were made useless for gambling purposes, he would be arrested.

Already the boxes which covered the windows have been torn out so that a clear vision through the building is available.

Atherton Maps Change in Plan Filling Offices

ATHERTON, July 29.—Authority to fill the city offices of clerk and treasurer by appointment will be granted to the city council if the voters act favorably on the proposal at a special municipal election August 22.

The present four-year terms of City Clerk Thomas Packham and Treasurer C. F. Michaels, who were elected last May, would not be affected by the change as the council's appointive powers could not be exercised until the next vacancies occur.

A proposal to establish a subdivision to be known as Belle Acres was referred to the county planning commission. Louise B. Reese is the record owner and sub-divider of the property, which is within three miles of the city limits and is bounded by Menlo and Lemon avenues, abutting the Catholic cemetery near Menlo Park.

Final approval of the city's projected expenditure of the quarter-cent state gas tax fund for streets of major importance was received from the division of highways. Six hundred and fifty dollars will be spent in improvements on Atherton avenue, Fair Oaks Lane, Alameda de las Pulgas, and Middlefield road, in accordance with state regulations.

Belmont Sanitary Board Cuts Tax Rate

BELMONT, July 29—Tax rate of Belmont Sanitary District has been set at 10 cents on the $100 valuation. The budget is $2,622 for the year. Last year's rate was 13 cents.

An election for the sanitary board will be held September 14. Outgoing members are Bertrand Johnson, Clarence Johnson and Clifford Lussier. Holdovers are Mrs. Kay Williams and M. J. McDonough. New members will be elected for four-year terms.

At this weeks meeting, it was decided to purchase a truck.

Laurel Water District Set

Contract to Lay Pipe Awarded Berkeley Contractors

BELMONT, July 29 — Belmont water commissioners last evening took steps to form an improvement district in Laurel Canyon and awarded the contract for the installation of 1996 feet of water mains to the Underground Construction Company of Berkeley, lowest of two bidders. Their bid was $2,828.10. Work will get underway within a few weeks.

Awarding of the contract came after the commissioners put a group of property owners residing in Laurel Canyon on the "spot," ascertaining from them whether or not they were willing to form the assessment district. Mrs. Ellen Allen, protested, saying that she did not believe it fair to be assessed for three lots when she did not reside on the property.

Fire Chief William Neilson recommended the installation of three fire hydrants in the new district. Installation of two hydrants has been included in the survey.

The district took under advisement the possibility of rebuilding the foundation on one of the tanks located in the Belle Monti hills, and recommendations were given for extension of the district's water system to the Swift tract recently opened.

The district set its budget at $6,000. Commissioners will meet with the fire department to work out a satisfactory rental fee for fire hydrants.

Barusch Plans Assembly Talks Over Air Lanes

The contest for the election of a new assemblyman to the state legislature August 25 will be carried to the air lanes Monday night when Walter Barusch, Democratic candidate, will launch a series of Monday night talks over station KQW, San Jose.

Barusch's first talk, which starts at 6:45 p.m., will discuss the need for the election of a 100 per cent Roosevelt Democrat to the state legislature. The talks will be each of 10 minutes duration. In the final week of the campaign he will speak twice over KQW, once on Monday, and the second time on Friday.

Barusch, former newspaper man now engaged in the advertising business, received some 2000 votes for the assembly two years ago; and now is running only on the Democratic ticket pledged to the support of President Roosevelt, the Democratic party platform, old age pensions and unqualified support of organized labor.

$25 Fine Paid Here By S.S.F. Motorist

Because he failed to answer a citation for speeding 70 miles an hour on the Bayshore near here until after a warrant had been issued for his arrest, Tom Richford of 657 Grand, South San Francisco, was fined $25 for the offense in Justice Edward I. McAuliffe's court Tuesday.

Other motorists appearing in court included George A. Alberigi, San Francisco, $10, speeding; P. S. Flory, Pasadena, $10, speeding; H. G. Hamlin, San Jose, $5, speeding; Virginia E. Heorodd, Burlingame, $5, speeding; and W. M. Latz, San Mateo; E. W. Floyd, San Francisco; C. J. Jorgensen, San Francisco, and Jack Damonte, San Francisco, each $2.50 for failing to observe boulevard stops. L. A. Delfel of San Francisco paid $5 for driving without lights.

Exchange Backs City Drive Against Shacks

The Redwood City Exchange Club Tuesday added its voice of approval to the campaign of the city council of Redwood City to rid the city of outmoded buildings. The Kiwanis and Lions Clubs took similar action last week.

The club voted $5 toward the Christmas lights.

Wilbur Doxsee exhibited moving pictures of his vacation trip to Yellowstone and other points, while Colin Stokes showed some scenes of the launching of his new power boat. Dr. Ralph Howe was chairman.

Thompson Wins Suit Against Casarettos

Judgment of $10,465.31 was allowed T. N. Thompson, cashier of the First National Bank, against Mr. and Mrs. Antone Casaretto and Mr. and Mrs. Gaetano Casaretto Tuesday by Superior Judge Maxwell McNutt as the result of a suit filed April 9. Thompson at the time sought $10,196.60 as default judgment against the Casarettos after a hotel building on Main street had been foreclosed on, and $1,000 for damages assertedly done the building by the defendants. He was represented by the law firm of Ross & Ross.

An explanation of why two San Francisco men were appointed to direct WPA music activities in San Mateo county was given the board of supervisors today, in reply to an inquiry, by Miss Harle Jervis, state director of Federal Music Projects. She asserted that Joseph Cizkovsky and Arthur Cunderson were better fitted for the positions than anyone available in this county.

JUSTICE
Should Be Tempered with MERCY

AYLETT R. COTTON
Judge, Superior Court
Department No. 2

There is no greater advocate of this principle than Superior Judge Aylett R. Cotton, who seeks re-election in the August Primary Election.

Public records reveal Superior Judge Cotton as a magistrate who handles criminal matters with firmness and deep understanding.

Carefully weighing the evidence as presented to his court, Superior Judge Cotton bases his judgment on the facts of law and yet, with it all, he is humane.

Wherever there exists the chance of rehabilitation of an individual, who, because of environment or circumstance, has followed the wrong course in life's road. Superior Judge Cotton is not only ready to pass judgment but, also, to lend a helping hand in placing the unfortunate back in his rightful place in society.

Superior Judge Cotton's many friends cite this magistrate's firm but sympathetic attitude toward the unfortunate as one of the many reasons why he should be re-elected to the bench.

Of Superior Judge Cotton they say:

He is firm but merciful.

He is exacting in the law's requirements but tolerant NEVERTHELESS.

He is truly representative of American justice.

Two Brewery Plants Outgrow Buildings

Lack of adequate buildings in Redwood City to handle the business of two brewery distributing plants today forced their removal from Redwood City to San Mateo. The two firms employ 16 persons.

The Ranier Brewing Company Inc., situated at 2101 El Camino Real, moved yesterday to San Mateo.

Burlingame Resident Pays $200 in Court At Los Gatos

(Special to The Tribune)

LOS GATOS, July 29 — L. B. Wagnon of Burlingame, admitted owner of slot machines recently seized in a raid here, was fined $200 in the court of Judge A. H. Bell yesterday.

Wagnon, who did not appear in court himself, was represented by Atty. E. C. Mahoney, also of Burlingame. Through counsel, Wagnon pleaded guilty to charge of conspiracy.

Judge Bell, in sentencing Wagnon to $200 or 30 days, also issued an order to Constable E. O. Woods that he retain in his possession two slot machines which caused all the trouble.

Illegal Possession Of Game Is Charged

Accused of having deer meat in his possession, out of season, James Doman, 40, a timekeeper who lives at 448 Roosevelt avenue, was arrested late Saturday night by Game Warden McPherson Lough of Palo Alto, who was accompanied to the local man's home by Policeman James Flynn Jr. Doman posted $100 bail pending appearance before Judge Edward I. McAuliffe.

Ed Levin Injured In Crevasse Tumble

SAN JOSE, July 27.—Ed Levin, young geologist accompanying Father Bernard R. Hubbard, the "Glacier Priest,' on an exploration trip in Alaska, suffered superficial hurts when he slipped into a crevasse on the Taku glacier, it was learned today. Distorted radio reports had listed Levin as killed.

An Associated Press dispatch from Juneau, Alaska, brought word, however, to Levin's anxious parents that the 31-year-old former Santa Clara University student had only incurred minor hurts when he slipped and fell.

Last spring Levin was a lecturer at the Sequoia high school in Redwood City. At that time he told students of the dangers of arctic exploration.

Illness Takes Julia Zimmer At Local Home

Mrs. Julia R. Zimmer passed away following a period of illness at her home, 227 Alden street, Saturday evening. She was a native of Tipton, Kan., and had resided here for the past three years.

She is survived by her husband, John A. Zimmer; two daughters, Mrs. Vivian Fisher of San Mateo and Mrs. Bernice Hoffman of Redwood City; and by a brother and sister, Sigel Newlon of Blackwell, Oklahoma, and Mrs. C. D. Jones of Downs, Kan.

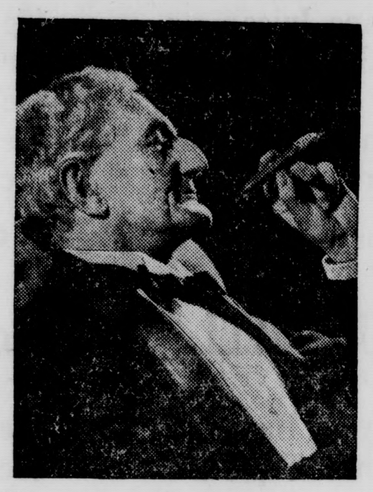
Say! who reads the ads anyway?

There they are, next to the play-by-play dope on the ball game, cutting off the news of So-and-So's engagement party so you have to jump clear to the middle of the next column to finish it. Those ads! You know who **runs** them, their signatures are on 'em—but who **reads** 'em anyway? The printer? That's right—but shucks, he's paid to! And the advertiser—sure, he reads them to see if the paper got the prices right. Who else? What's the great American ad-reader **look** like? **Who reads the ads?** Let's solve the mystery . . . and see!



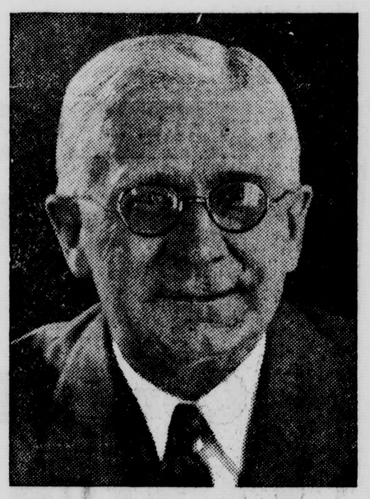
This fellow's income is 'way above average: there are not many like him, we'll admit. Retired from real estate last year; survived the depression nicely, thank you, and will be back from Hawaii in September. Gets a kick out of picking up $7 shirts for $3.79 by waiting for the sales. Reads the ads—not every day—but wouldn't think of buying without checking the price and quality against every value in the paper.

Remember her debut party? She'll be back at Stanford in the fall; right now she's pretty busy, what with the little car a Tribune ad helped sell her Dad, the places all the crowd goes to (they say the boys pick them from the Tribune), and the show her club gives every summer. To date she's tracked down material for costumes, arranged for tickets, and has practically closed a deal with a florist . . . all through the Tribune!

She likes to say that the children are grown up and out of the way now . . . but just watch her smile when she sees an ad for print wash frocks . . . size 2 to 6! Keeps a gift list that touches almost every day of the calendar, and half the dates are for children! Entertains a lot, too, and manages to belong to quite a few of the clubs. Proud of her home, and not a bit unwilling to take advantage of a bargain for it when the Tribune backs it up!

Hers is a pretty complete little world, of course. Two children, a busy young husband, a new house . . . a little dominion that's pretty hard to crash. But she's made the Tribune a welcome intruder. Where else, she asks, would she find the same help in keeping a not-too-big budget straight . . . how else could she keep the house looking so newly furnished on so little . . . what other source would be so obliging about tipping her off on dozens of sales every day.

Still prefers the comics, but graduated into the ad reading class last year, when he decided he wanted a prep suit like the one his buddy Charlie got. Has since found quite a few things he's going to own some day. Sold on one make of bicycle right now, and a certain page of the Tribune has a way of popping up in a prominent place each night about the time that Dad's due home.



Belongs to one of Redwood City's service clubs, has kept a good business going for a number of years, and has a son who's going into the business some day soon. Makes a hobby of his place up at the lake, and won't let a gun or tackle ad out of his sight till he's read it all the way through. Finds the Tribune ads a good indication of business conditions in the city . . . as well as an effective medium for his own business.

Still in school, but looking forward to the day when he can buy his first car. Just at present quite satisfied with the buys he finds in sporting goods in the Tribune. Interested in what the well dressed young man should wear, and willing to do a little research in the subject. (It's whispered that **she** lives just a block or two away). Working the family pretty hard for the trip South that he read about in an ad in the Tribune.

Had a tough time a couple of years ago. But he found a job through the "Help Wanted" section in the classifieds, and he and the wife have been reading the ads for one reason or another ever since. First it was the new furnture they needed when they stopped "doubling up" with her folks, then they needed a used car, and right now, since things look better at the plant and there's another nest egg laid away, they're looking for another house.

The answer, of course, can be briefly told; everybody reads the ads each day in

The

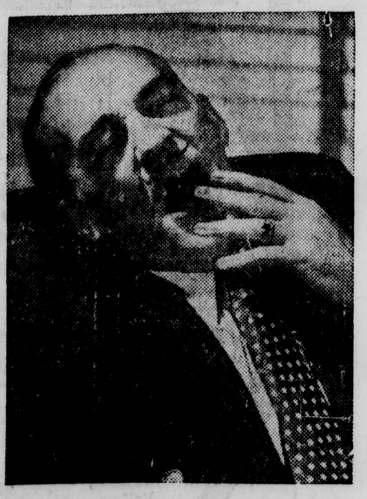
Redwood City Tribune

AN INDEPENDENT NEWSPAPER

Pretty shrewd, this youngster! Kind of hated to leave the city and go back to the farm, but he's managed to combine the advantages of both places in just a few short years. First saw the radio he now owns in a Tribune ad. Installed a bathroom after a Tribune ad told him how inexpensive the fixtures would be. Found that he'd save time by trading in the old truck on a light pick-up that a Redwood City dealer advertised. And he saved money on the reaper that he picked out of the want-ads!

Not too many free hours in her life! But the Tribune makes every one of them do double duty, when she starts off on a shopping tour. Clothes have to be smarter, to make up for hours spent in a uniform; cosmetics have to be better, to pass her rigid inspection; everything she buys must get by a sentry-like insistence on perfection. She learned back in her student days that she could rely on Tribune ads, and she's learned since that she can depend on them to save her off-duty time.

It's a date! And that, as any bright young member of Sequoia High will tell you, means a trip through the Tribune ads. It may be for some new hose . . . for a place to have the white coat cleaned . . . for something **really different** to wear if it's a dance. But whatever the occasion, it's reason enough for a trip through the ad pages, especially when it's almost as much fun as a shopping expedition, and saves the strain on next week's allowance.



"You wouldn't catch **me** reading the ads . . . just a waste of my valuable time." Oh oh! Puts us in a bad spot. Your photo must have gotten in here by mistake. Sorry . . . hey, wait a minute! . . . that tie you've got on . . . didn't we see that pattern advertised about a week ago? Uh-huh . . . well, we thought so!

46,334 Voters Listed on Roll For Primaries

Democrats Hold 2,819 Lead Over G.O.P. On Peninsula

Although failing to set an all-time mark, registration for the coming primary election reached a total of 46,334 today, with Democrats continuing to hold a substantial lead over Republicans in San Mateo county, it was revealed as the county clerk's office completed a tabulation of voters eligible to cast ballots August 25.

Total Democratic registration now is 23,623. The Republican total is 20,804.

When the last count was compiled March 26, the Democrats had 22,144 to the Republicans 20,109.

Total registration at that time was 44,099.

Two years ago 46,852 voters were registered for the November election. However, "dead" registrations—those of people who had moved away—had not been removed from the rolls. The present registration, on the other hand, is considered to be nearly all "alive," since it has been compiled entirely since January 1.

Besides the two main parties, the Communist party now claims 8 members; Progressive, 41; Prohibition, 8; Socialist, 73; Non partisans total 1737.

On March 26 there were 4 Communists, 42 Progressives, 5 Prohibitionists, 68 Socialists and 1727 non partisans.

Democratic strength is shown most notably in the first supervisorial district, which centers in Daly City. Here there are 7642 Democrats now registered to 3690 Republicans.

The Republican stronghold is in the fifth district—Burlingame. In that district there are 5012 Republicans to 3991 Democrats.

The second district, San Mateo,

New 'TB' Wing Held Necessary

Early Provision Seen Required By State For Children Care

That San Mateo county should immediately provide additional facilities for tuberculosis patients was the assertion made Tuesday by E. Tate Thompson, chief of the California State Department of Public Health, in a letter addressed to the board of supervisors.

While Thompson said that the present tuberculosis buildings at Community Hospital are "good for a number of years," he asserted that "the urgent thing now is for an allocation to be made in your budget for a building for children and young people of high school age."

URGES RENOVATION

Thompson also urged that the present buildings be renovated.

"I do not happen to share the belief that your present buildings are not good for a number of years," he said. "I do think, however, that they either should be painted or stuccoed, but otherwise I think the hospital building seems to be in very good condition."

San Mateo county has a waiting list of patients, Thompson pointed out.

"And there are more people who will need to come in," he added, "and provisions also should be made in some building for separate wards for children, so that if some pavilion could be constructed at the hospital of 24 beds and your present building stuccoed, I see no reason why you should not be able to get along for a number of years."

Thompson urged the board to put funds in the budget now being made up to provide for the new building.

WORK IS PRAISED

Coincident with the receipt of Thompson's letter, the board received a petition signed by 30 patients in the tuberculosis unit, commending the work of Miss Christine L. Kinnear.

The petition apparently brings to a head rumors of long standing that there has been dissatisfaction with the services of Miss Kinnear—rumors that were investigated several months ago by Health Director Charles Gans, who absolved the nurse of the accusations.

Meanwhile, County Manager Walter Kellogg and County Engineer U. S. Marshall made plans today to begin work on plans immediately for one new county building which may be constructed within the coming year—an addition to the courthouse.

The supervisors voted yesterday to seek PWA funds for the structure, and directed Kellogg and Marshall to prepare plans and specifications so that an application may be submitted for the project. It is expected plans drawn several months ago will be suitable, with possibly slight revision.

GATCHELLS ENTERTAIN WEEK-END VISITORS

Your Blackberry Jelly Is Safe! Army of Women Test Recipes

What every woman should know now that blackberries are here and jelly making in swing again, is that a small army of kitchen chemists and practical housewives have tested every short-boil jam and jelly recipe recommended for her use. It's a common thing for as many as 300 or 400 women to test one blackberry jelly recipe before it is released for the 20,000,000 homemakers who make jams and jellies every year.

Only women chemists are employed in the laboratory where short-boil recipes are perfected. When they have done their work, the recipes are farmed out to "home testers," hundreds of average housewives scattered throughout the country. Chemists are aware that the exact methods of their laboratories may be too precise for the home. So they submit them to a practical test as well. From the sum total of these experiments, come sure-fire instructions such as these:

BLACKBERRY JELLY

3 cups or 1½ lbs. berry juice
4 cups or 1¾ lbs sugar.
1 box Sure-Jell.

To prepare grind or crush thoroughly 2 quarts fully ripe berries. Place in jelly cloth and squeeze out juice.

Measure sugar and fruit juices into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard ½ minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 12 glasses (6 fluid ounces each).

BLACKBERRY JAM

4½ cups (2¼ lbs.) prepared fruit.
6½ cups (2¾ lbs.) sugar.
1 box Sure Jell.

To prepare fruit, grind about 2 quarts fully ripe berries or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 5 to 6 quart kettle, filling up last cup or fraction of cup with water if necessary; place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, ¼ teaspoon butter may be added.) Continue stirring, bring to a full rolling boil, and boil hard 1 minute. Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

M'Donald Fund Willed to Wife

Sons and Stepdaughter Given Only $1 Each; Aides Remembered

Cutting off his two sons and a stepdaughter with $1 each, James B. McDonald II bequeathed the bulk of his estate to his third wife, Lulu, it was revealed when the will was filed for probate at Boise, Ida., the Associated Press reported Tuesday.

Although Mrs. Alecia Breeze McDonald of Berkeley was assertedly a favorite with her father-in-law, she was not mentioned in his will.

In disposing of an estimated $500,000 estate which originated with McDonald II's father, who was an associate of John D. Rockefeller, the document also cut off Mrs. Alecia McDonald's estranged mate, James McDonald III, leaving him only the $1.

However, McDonald III is already heir to a $12,000,000 trust fund set up by his grandfather, and his estranged wife and their 2-year-old daughter, Jacqueline, will share in it, according to a recent court decision.

While the bulk of the estate went to McDonald II's wife, a $50,000 bequest went to his attorney in Boise, and his servants and several friends were remembered with less amounts.

A stepdaughter of the oil heir, Jane McDonald, was also cut off with $1, as was the other son, Robert A. McDonald of Burlingame.

The death of McDonald II on July 1 of carbon monoxide poisoning was held accidental by a coroner's jury. It followed a long distance telephone call to his daughter-in-law in Berkeley during which he pleaded with her to become reconciled with his son and visit him.

Pescaderan Fined For Firing Weapon

HALF MOON BAY, July 29.—Herman Berndt of Pescadero, who pleaded guilty to firing a shot in the air to frighten two small girls who he thought were prowlers, was fined $100 by Justice of the Peace Manuel Bettencourt when he appeared in court here.

All but $25 of the fine was suspended when Berndt asserted that he had not known the "prowlers" were children, but thought they were robbers.

Walter Lang, Loma Mar postmaster accused of possession of slot machines, has posted $100 bail in Judge Bettencourt's court pending hearing on the charges.

Theodore Hoover Kin Files Divorce Plea

PALO ALTO, July 28.—A divorce suit was filed in San Jose today by Mrs. Lou Hoover Dunbar against Ernest A. Dunbar of Palo Alto on grounds of cruelty. Mrs. Dunbar is the daughter of Theodore Hoover, former head of the Stanford engineering department.

A property settlement and custody of the two children of the couple, Della Lou, 10, and Judith, 8, has already been reached, and Mrs. Dunbar seeks ratification of the settlement by the court.

S. M. Fireman Given Treatment for Burns

SAN MATEO, July 29 — While firemen concluded their investigation of a fire which yesterday noon burned off the top floor of the laundry owned by K. Ito, it was disclosed today that one of the firemen, Ray Shoub, had incurred painful chest burns when glowing embers fell inside his shirt front as he fought the flames in the Depot Laundry attic.

Shoub paid no attention to his injury until he returned to the firehouse, where he was given medical treatment by Dr. J. M. Dallal.

Vernal Wins Post In District Legion

Thomas Vernall of Redwood City is the new second vice commander of the eighth American Legion district as the result of elections held late last week.

Edward Sharkey of Golden Gate Post No. 40 is commander and Everett Linoberg of Rincon Hill No. 407 is first vice commander.

Legionnaires of San Mateo county and San Francisco are planning a picnic at Oak Cove Park near San Mateo next Sunday. A committee of 200 is arranging the event. A varied program of entertainment and games is being prepared.

$200 Damage Done By Garage Fires

Two hundred dollars damage was done at 5 o'clock Tuesday by a fire which nearly destroyed one garage and burned the roof of another in the 900 block of Stambaugh street.

Most seriously damaged was the garage in the back of the house owned by Mike Gapra at 912 Stambaugh. An adjoining garage owned by a Mrs. Downs was saved from destruction by firemen who laid 3,000 feet of hose.

Shortly after this call the department answered an alarm at the Southern Pacific Broadway depot, where a section of boardwalk was afire. No damage was done.

Ocean Shore Lines Cited for Injuries

Chairman Timothy Reardon of the State Industrial Accident Commission charged today that officials of the Ocean Shore Railway have failed to comply with state laws regarding compensation insurance in connection with the present reconstruction of the road on the San Mateo county coastside.

The accusation was made by Reardon after J. L. Hicks of Moss Beach, steam shovel operator, crushed when his vehicle overturned two weeks ago, applied for compensation from the company.

Reardon also stated he had referred Hick's demand for compensation to San Francisco District Attorney Matthew Brady.
